

ETH Zürich – Dr. H.R. Hänggi

Paper submitted and published:

The screenshot shows a web browser window displaying a SpringerLink article. The browser's address bar shows the URL <http://www.springerlink.com/content/10.1007/BF02560940/>. The page title is "Zeitschriftenbeitrag". The article title is "Über einen Versuch zur vollständigen Bestimmung zeitlich veränderlicher ebener Spannungszustände mittels eines photoelektrisch-interferometrischen Verfahrens". The authors listed are "Walter Schumann<sup>1</sup> und Henri Hänggi<sup>1</sup>". The article was published in "Technik" magazine, Volume 30, Number 3, in May 1964. A "Zusammenfassung" (summary) is provided, describing the experimental setup for measuring dynamic stress states. The page also features a sidebar with navigation options and a search bar.

The screenshot shows a web browser window displaying a document record from the State Technical Library (STK) website. The browser's address bar shows the URL <http://df.stk.cz/cgi-bin/dflex/CZE/STK/FULL/365250>. The page title is "Úplný záznam dokumentu". The author is listed as "Haenggi, Henri (autor dizertace)". The title of the document is "Ertweiterung einer photoelektrisch-interferometrischen Methode auf die Messung zeitlich veränderlicher, ebener Spannungszustände". The document was published in 1964 in Zurich. The page also includes a "Přehled exemplářů - Objednávka výpůjčky" (Overview of copies - Order a loan) section and a "On-line katalog" (Online catalog) section with various search and navigation options. The footer of the page indicates the date and time of access: "úterý 27.05.2008 22:22:05 © 2000-2008 Státní technická knihovna".
